By the Rel King which arrived yesterday, we have news from Shanghaito the 8th. From the Recorder we extract the following: We hear upon authority, which we believe to be reliable, that the Chinese officials have tespatched 700 Imperial Traops from Tientsia in a milling vessel to Chefoo to proceed thence to the Gold Diggings and thrive away the

foreigners." We understand that these proops first desired to take passage in sing of blesses. Russell & Co.'s steamers, but that the price asked for conveyance, namely Tis. 3.040, was considered too high, and they therefore resolved to take a sailing ship. . The consequences of this step are likely to be serious, as it is not by. any means improbable that the diggers may Mer resistance; or if they do not, that the Chinese may go farther than the necessities E the case may require, and not content themselves as they should, with merely bring-ing the men to their Consul, provided they do not offer resistance. We hear with much pleasure that the infla-

ence of H. H. the Tuoudoi was excited very ffeetually, with regard to the recent attack made spon two French gentlemen in the Imperial Chetoms' service by some Chinamen belongmy to the Barrier near Sz-kong-k'eu. The statement which appeared in a contemporary, to the effect that the gentlemen from the Customs bad gone up to see the punishment inflicted, but on arrival found no one there, was correct, but this resulted from a simple mistake as to the appointed time. Since that, the onlycits have been brought before the local Magistrate at re-kong-k'en and flagged. A particulation has also been issued stating the fact, and that the men have been dismissed the service: The result was not brought about without some difficulty, the usual shuffling and evasion of responsibility laving taken place. The satisfactory settlement of the affair is, we understand; due to the persever reneenf Mr. Dick Commissioner of Customs, who would not allow the matter to drop until H. E. the Taontai had succeeded in baving the, culprita doly punished.
